

SURGICAL CONSENT FORM

SOUTHSIDE ANIMAL HOSPITAL

PET: _____ OWNER: _____

I am the owner or agent for the above described pet and have the authority to execute this consent. I hereby consent and authorize the performance of the following procedure(s):

I understand that during the performance of the foregoing procedure(s), unforeseen conditions may be revealed that necessitate the extension of the procedure(s) or different procedure(s) than those set forth above. Therefore, I hereby consent to and authorize the performance of such procedure(s) as are necessary and desirable in the exercise of the veterinarian's professional judgment.

I also authorize the use of appropriate anesthetics, and other medications, and I understand that the judgment of hospital support personnel will be employed as deemed necessary by the veterinarian (e.g. to control post-operative pain).

PRE-ANESTHETIC BLOOD TESTING

Before placing your pet under anesthesia we will perform a full physical examination. However, many conditions, including disorders of the liver, kidneys or blood, are not detected unless blood testing is performed. Such tests are especially important before any kind of surgery. For these reasons, we highly recommend blood screening before such procedures. **Please choose one of the following:**

_____ **Yes, I want my pet to have a pre-anesthetic blood screen before surgery**

_____ **No, I do not want my pet to have a pre-anesthetic blood screen**

MICROCHIPPING

Microchips are small identification chips that may be implanted under your pet's skin. Each chip has a unique identification number that is connected to your information. If your pet gets lost and is taken to a shelter without a collar on (most pets found do not have a collar on) they can be scanned for a microchip and returned back to you. To implant this chip an injection is given similar to a vaccination, simply with a larger needle. This can be done painlessly for your pet while they are under anesthesia today.

_____ **Yes, I would like my pet to receive a HOMEAGAIN microchip.** This includes the microchip, one time registration fee & 1 year membership. The membership does not have to be purchased each year for my information to be kept on file.

_____ **No, I do not authorize my pet to be microchipped today.**

PAYMENT POLICY

I understand payment is expected in full at the time services are provided and I assume full financial responsibility for all procedures. I agree to make full payment for all services --- cash, check, Visa, MasterCard, Discover, and AMEX are all accepted forms of payment.
